## MINIATURE MASTERPIECES

FELLERS ARTS FACTORY: Mini Memory Book Die-cuts.1

Now that you have shelves full of memory books dedicated to your wedding, your children, your pets and everything in between, what better way to share the memories than to create a mini memory book to give to loved ones. Instead of lugging the spiral-bound, 120-pg book over to grandma's house, create charming mini scrapbooks from paper to give to friends and family for them to keep. And it barely weighs a thing! With these pre-cut albums, all you do is stamp, embellish and fold into a keepsake that's sure to bring about fond memories for years to come.

### INSTRUCTIONS

**Mini Memory Book — Double Circle** 1. Place double circle die-cut on newspaper. 2. Squeeze the Lilac Texture Magic onto a paper plate. 3. Using the textured PenScore, stamp around on the paper plate to pick up paint. 4. Randomly dab paint onto die-cut on three of the panels, from the large circle cutout to the two others to the left. 5. Heat with Heat *it* to speed drying. 6. Repeat step four using the Fern Green paint. Heat set to dry. 7. Turn piece over and dab the Fern Green paint onto the two right panels without cutouts. 8. Heat set. 9. If desired, punch 1/4-inch stars and rectangles around the smaller circle. 10. Cut a 4 1/2" x 4 1/2" textured green paper piece from the Paper Palette Collage pad. 11. Place face up on the inside flap

## QUICK TIP

To create a texture stamp using Pen-Score — heat a block of PenScore with a heat tool until very hot and press onto any large stamp.

of the smaller circle. Draw around the inside of the circle with a pencil. Cut out and glue in place with Super 77 adhesive. **12.** Using a makeup sponge, carefully apply Eggplant ink all over the sheet that comes with the mini album. It will eventually be folded to hold photos. **13.** Stamp various sizes of the Butterfly images and Words all over the inked areas on one side. **14.** Fold according to directions and glue one side down on the third panel from the left with Super 77. **15.** Stamp one of each size Butterfly onto Ultra-Thin shrink plastic using Black StazOn ink. **16.** Cut out each piece and shrink all with a heat tool or in a toaster oven at 250 degrees until flat. **17.** Also, cut a heart

shape slightly larger than the largest butterfly. **18.** Ink the textured Penscore with Cocktail Olive ink and dab randomly on the cutout heart shape, then shrink. After it cools, rub the Cocktail Olive ink all over it including the sides with a makeup sponge. Heat set a minute or two. This will give a marbled look. **19.** Dab the Purple Eggplant ink on the outsides of the large butterfly wings, and then dab the Cocktail Olive in the center. Heat set. **20.** Dab the Purple ink on the medium butterfly and Olive on the smallest. Heat set. **21.** Cut a 16-inch length of the waxed cord and fold in half, feeding half inside the cover flap. **22.** Twist ends together and knot tightly. **23.** Feed a large

purple bead onto one of the cord ends and knot to secure. Tie a knot on the same cord about a 1/2 inch below and add a small bead, knot again under bead. Tie a knot on the other cord end. Add a bead and knot again. **24.** Using cyanoacrylate glue, glue the small butterflies to the cords. Trim ends. **25.** Glue the large butterfly onto the marbled heart piece. Place a Pop Dot on the back of the heart and press onto the circle opening.

#### **Mini Memory Book — Pop-up Latch**

**1.** Stamp the textured PenScore onto the Pure Gold Palette Metallic pad and dab onto the 6" x 2 1/4" panel. Heat set with a heat tool. **2.** Stamp a Sun design on the center of the pop-up latch with Pure Gold Metallic ink. **3.** Glue a 1/2 inch brass washer onto the center of the design with cyanoacrylate glue. **4.** Squeeze accents of the Grape Ice around and in the center of the washer. Draw some random lines to the left of the latch with Grape Ice. **5.** Using a makeup sponge, carefully apply Lettuce ink all over the die-cut sheet for photos that come with the mini book. **6.** Stamp Words randomly on each page. **7.** Draw gold spirals on each page with a Gold Uni-ball pen. **8.** Glue photo holder to the center on the book.

**Mini Memory Book — Triangle Latch** **1.** Stamp Sun Goddess stamp on white laser paper with StazOn ink. **2.** Cut out design. **3.** Using makeup sponges, dab Butterscotch ink onto the face of the Goddess, Eggplant on the hair and Eggplant, Bottle and Butterscotch randomly on the dress. **4.** Spray the back of the Goddess with Super 77 adhesive and press onto the book cover

under the triangle latch. **5.** Rub the Eggplant ink onto the triangle latch. Draw mini spirals all over the latch with a Black 005 Pigma Micron Pen. **6.** Squeeze Grape Ice in the center of each spiral and on the Goddess. Stamp the word Goddess between the latch slits. Stamp various sizes of the Goddesses, Sun and Words on the back flap. Highlight various details of designs with a Gold Uni-ball pen. **7.** Peel seven pages off the Provo Craft Paper Palette Collage pad all at once so that they stay attached. **8.** Using a paper cutter, cut into a tablet that is 2 1/4" x 7 1/4". **9.** Spray the back of the last sheet with Super 77 glue and press onto the inside of book. ☐
